

Health and Wealth Management

UB Sea & Shore Services

UB Sea & Shore Services is a professional maritime support organization registered under MSME and UDYAM (Reg. UDYAM-OD-26-0004805), dedicated to supporting seafarers and maritime industry professionals throughout their career and personal welfare. The platform facilitates holistic career development — extending beyond employment into areas that affect **health**, **financial well-being**, and **long-term career sustainability**.

Vision for Health & Wealth Management

UB Sea & Shore Services aims to empower seafarers with resources and support that contribute to both **physical health stability** and **financial security**, recognizing that well-being and economic resilience are essential for a successful maritime career.

Health Management Services

1 Health Insurance Facilitation

UB Services supports seafarers in accessing relevant **health insurance solutions** tailored to maritime professionals, helping mitigate medical risks during shore or onboard assignments.

2 Medical Documentation & DG-Approved Doctors

Through the platform's digital directory, seafarers can connect with **DG-approved medical professionals** across India for medical examinations and certifications — a required component for maritime employment and health compliance.

3 Support for Medical & Well-Being Needs

While not directly providing medical treatment, the organization promotes awareness and access to allied healthcare services via its network, including medical consultation referrals and insurance partners.

Wealth & Financial Management Services

1 Employment Facilitation & Career Support

UB Services provides advanced **employment services** including job listings, smart resume broadcasting, and placement support to maximize earning opportunities for seafarers. These services are a core pathway to financial stability.

2 Legal & Financial Counseling

The platform extends **legal assistance**, including guidance on contracts, wages, and dispute resolution — key areas that directly impact a seafarer's financial rights and protections.

3 Insurance Partner Network

UB Sea & Shore maintains a directory of **insurance providers** (e.g., life, health, and maritime risk insurance), enabling seafarers to explore suitable financial protection plans.

Career Wellness Integration

UB Sea & Shore's approach sees **health and wealth as linked elements** of a seafarer's well-being:

- **Professional Growth:** Through training, coaching, and proficiency evaluation support.
- **Health Compliance:** Ensuring access to medical certification through DG doctors.
- **Financial Protection:** By connecting members to insurance providers and employment contracts that protect long-term earnings.

This integrated focus helps seafarers sustain both **physical health** and **economic security** throughout their careers.

Contact & Access

To access these services:

1. **Register as a Seafarer** on the official portal to begin health/wealth support processes.
2. **Browse the Insurance & Medical Directory** to find suitable providers.

3. **Connect with Support Staff** via the UB contact channels for personalized assistance.
-

Summary

Health and Wealth Management at UB Sea & Shore Services encompasses:

- ✓ Health insurance facilitation
- ✓ Access to medical certifications via DG-approved doctors
- ✓ Legal and financial support for maritime employment
- ✓ Career development resources that contribute to long-term economic resilience

These services are designed to ensure that seafarers are supported not just in securing jobs, but also in maintaining health and financial wellness throughout their maritime careers.
